One Day Cat Cafe at Effingham Public Library with EARS

A One Day Cat Café will be held in the Workman Room at the Suzette Brumleve Memorial Effingham Public Library on Friday, November 8 from 3 to 5 p.m. The Library will provide tea, coffee, snacks and comfortable seating while EARS (Effingham Animal Rescue Sanctuary) will bring some of their rescue cats that are available for adoption.

Cat cafes originated in Taiwan, with one opening in Taipei in 1998. The cafe became popular with tourists as well as local visitors, who enjoyed the opportunity to interact with some furry friends. Since then, cat cafes have spread throughout the world.

“Many cat cafés, especially those in the United States, use the space as an opportunity to introduce people to adoptable felines, who might be having more trouble meeting forever families in a shelter setting.” said Programming Outreach Manager Catherine Bailey. “We thought this would be a great way to work with EARS.”

No registration is required to attend the Cat Café.

For more information, contact Catherine Bailey, Programming Outreach Manager at 217-342-2464 or catherine@effinghamlibrary.org.
